Description:

Okay, you're right, maybe I'm not offering you the best place in Bilbao, not even in the area. But whether it's good or bad depends not only on the place: it's up to you. You are the spirit of your business, you are the one who knows what you want and, above all, the one who knows what you can. And we are here to help you.

I present you a market of 55 square meters. How small! you tell me. Well, it depends what you want it for.

Are you a teacher? Perfect for your school support classes and languages. You are next to a public school, what doubts do you have?

Are you a fishmonger? You would settle next to the butcher shop. Surely the neighbors like the idea and you more, you have an Eroski next.

And a bar? The place has a smoke outlet and teachers drink a lot of coffee;)

Roasted bread and chickens? Why not? I already told you that it has a smoke outlet.

Hairdressers? I still think about the public school and families.

Give me some idea and I'm sure you have a return. The fish market is diaphanous, so you can divide it as you want. The floor is of floor and terrazzo, so that you already have two environments. It has a toilet and it is easy to make another one (you know, because of the bar).
