Our mission is to give the term temporary accommodation a whole new meaning and to transform this way of living. Therefore, we offer both a home and a hotel. With us, you can have the best of both worlds! You can live in your own apartment, as if you were at home but you also get the convenience of a hotel, all at one and the same time. Comfortable, practical and qualitative, all set in a modern and stylish apartment hotel.

Smart and functional design is the order of the day, from the entrance and lobby to the interior design and decoration of the apartment – in fact, the whole living experience from the moment you arrive to the second you leave. Quality has been the focus point regarding our selection of materials. For instance, we have chosen the most comfortable beds and furniture, all with the utmost care.

The beauty of this apartment is that you enjoy flexible accommodation, on your own terms. You'll surely notice that we've taken our concept to new levels. Take the issue of cleaning, for example. With us, it's you yourself who decide on your cleaning. A weekly cleaning service is included and beyond this, you decide for yourself how often you want your apartment to be cleaned.

Welcome to flexible and adaptable accommodation, where just your preferences are where we start.
