Description:

Welcome to the "OASIS CASTELO DE ALVOR"

Alvor is one of the chosen destinations in the Algarve, for all those looking for natural beauty, culture and tranquility in a select place. In line with this interest, we have created this Unique project, thinking of you.

The History

The foundation of Alvor dates back to the 7th century BC. To the Phoenicians, who made it a major economic center and port of refuge due to its geographical position in the year of 436 BC, the Carthaginians succeeded, and it was later occupied by the Romans and in 716 AD by the Moors, whom it was conquered by D. Sancho I in 1189. According to records, it was during the establishment of the Phoenicians that a first fort was built on the site. Later, during the occupation of the Moors and in the face of a context of great instability in the territory, a fortress was built, the current Alvor Castle.

From History to Project and its Integration

"Embraced" to the Castle, respecting its history and integrating into it, stands our most recent OASIS Development - the "Oasis Castelo de Alvor - Private Condominium". Designed to perpetuate the history of this picturesque and charismatic fishing village, with unique architecture in style and presence, ahead of its time but with an eye on the past, we developed a project in full harmony with the houses, with the "labyrinthine" and narrow streets of Alvor, greeting its people and saying good morning to the Ria and the Sea right next door.

The location

Due to its location in the center, at the highest point of the village and close to the beaches, the development enjoys 360° views. Because it is located in the small area of Classified Heritage, a tight archaeological study of the land was imposed, with the respective discoveries deposited in the Museum of Portimão and out of respect for the Castle wall, we restored it.

The Apartments and views

With views divided between the Sea, the Ria, the Mountains, the Village and some "leaning" over the Castle, the Apartments, simple and discreet, have superior quality equipment, facilities and finishes inside, so we consider them Luxury.

However, we suggest that you carefully read the "Specification of Finishes and Characteristics of the Development", where you will find all the information.

To all those who have bet on us over the years and in advance to those who will bet, we offer our sincere thanks.
