Description:

A spacious multi-story house in a peaceful part of Đakovo, ideal for a family. The house consists of a basement, ground floor, and first floor. The basement includes a garage for two cars with automatic doors and three large storage rooms, which can be converted into additional living space. The ground floor features an entrance hall, corridor, kitchen with dining area and living room, bathroom, and two bedrooms, one of which has access to a loggia. A standout feature is the spacious terrace with a beautiful view of the backyard and nature. The first floor consists of two bedrooms (one with access to a loggia), a balcony, a bathroom, and a large living room with a kitchen (currently prepared for installation). Additionally, there is another spacious terrace with a stunning view. The house is built with high-quality bricks, ensuring excellent insulation and warmth. Heating is provided by a central wood heating system, and in 2005, part of the windows and the garage doors were replaced with automatic ones. Nearby, you will find a primary school, kindergarten, health center, church, shops, restaurants, a swimming pool, a bakery, a football field, a children's playground, and cafés. The house has great potential for a peaceful family life, offering plenty of space and beautiful outdoor areas. For more information, feel free to contact us!...
