Solid block built washroom to include toilet and wash hand basin.

**SHED:**

Solid block built garden shed which is ESB powered. Shelving.

As the Washroom/garden shed are adjoining , this lends itself to many possibilities to include perhaps, conversion to a self contained apartment / studio or home office, maybe glamping or camping could be considered also as we have some green lawn in this area of the property and the washroom could be converted, with a little work, into a shower area.

**THE GARDEN:**

On entering the property from the front via a private entrance driveway is a mature garden with some rose trees, hydrangeas and lilies which are set in limestone coloured gravelled areas and as we swish

around we arrive at a different aspect of the garden with more colourful plants and shrubs. To the rear of the property we have , as a backdrop some natural rock with many shrubs and plants in situ to include holly trees, victoria tree, natural habitat to include flora and fauna. In the rear garden area are some lilies, crocosmia, mallow, cultivated mount brescia, garlic, parsley, lupins, daffodils, begonias, rose bushes, dandelions, daisies and lots of blackcurrent trees as well as strawberry trees.

As we have lots of the garden area laid in lawn, maybe a vegetable plot or an enhanced flower garden would be the favoured choice of the purchaser. This garden area is a suntrap during our Summer months.

There are numerous possibilities to be explored in this exclusive, unique and quiet spot which already accommodates a beautiful, serene and welcoming home.
