### Description:

Idyllic old building dream in the middle of the city: The 60sqm large, very bright cottage from the 19th century is located not far from the Norder Markt and the Flensburg pedestrian zone with its hustle and bustle. At the same time, the half-timbered house captivates with its quiet and Mediterranean courtyard. Here, a comfortable sofa invites you to linger; shade is provided by a large parasol, as the courtyard is blessed with pure sunshine all day long. Hydrangeas, an olive tree, roses and jasmine make the secluded garden a small green and at the same time quiet oasis. In addition, a table and garden chairs are available. On the ground floor, the half-timbered house has an inviting kitchen with refrigerator, sink, stove, oven, Vitamix high-performance blender and microwave. A spacious table offers ample space for extended dining or even for a leisurely wine in the evening. On the first floor is the modern shower-bath including toilet and the minimalist furnished bedroom. Here, people can come to rest in a relaxed manner. Pleated blinds provide sufficient darkness for a pleasant night's rest. In the fully developed Krummbinderdach on the second floor is the living room with cozy sofa, which comes up with an additional sleep function. Here, visitors will find the large Smart TV with Netflix access. Wifi is also available throughout the house. The half-timbered house is lovingly furnished and captivates with the furniture classics as well as new high-quality pieces from the finest furniture manufacturers alike. The lamps by Kaiser Idell and Arne Jacobsen round off the ambience with their atmospheric lighting.
