Description:

This Efficiency House, completed in 2012 and modernized in 2020, combines contemporary living comfort with a strong commitment to sustainability and energy efficiency. Here, you'll experience a home that operates entirely without fossil fuels, powered by cutting-edge technology. The high-performance heat pump provides both comfortably heated water and cozy underfloor heating, all in an environmentally friendly manner. The entire energy demand is met 100% by renewable energy sources, allowing you to enjoy a comfortable and sustainable stay. Our fully furnished and well-equipped property leaves nothing to be desired: High-quality furniture, modern appliances, and tasteful decor create an atmosphere where you'll feel at home from the moment you step in. Everything is ready for you – simply move in and start enjoying! From the kitchen to the living area to the bedroom, every detail has been carefully considered to offer you an exceptional living experience. Thanks to the climate-friendly energy supply, you actively contribute to reducing CO₂ emissions during your rental period, playing a valuable role in protecting the environment – all without sacrificing comfort or style. This combination of modern, eco-conscious living and comprehensive amenities makes our Efficiency House the perfect choice for anyone who values sustainability and high-quality living.
