Description:

Located in a peaceful and picturesque hamlet between Ruffec and Villefagnan, this spacious family home offers generous living areas and great potential.

On the ground floor, the property features a comfortable master suite, a fully equipped kitchen with direct access to the utility room/pantry, and a spacious living room (requires some refreshing) with wood-burning insert. A staircase from the living room leads to a mezzanine-style space that could be converted into an office, reading nook, or mezzanine area. The living room opens onto a bright veranda with views of the garden.

Upstairs, you'll find three bedrooms—all overlooking the garden—a shower room, and a separate toilet. In total, the house has three bathrooms, including one in need of renovation, offering flexible options for further development.

Outside, the attractive garden includes a 'Waterair' swimming pool (installed 8 years ago), currently non-functional but repairable. The garage houses a wood pellet boiler (installed in 2015) that provides central heating and hot water. The pellet silo can hold up to 3 tonnes of pellets. A 60 m2 stone barn completes the property—ideal for storage or conversion into additional living space.

This charming property, full of character and potential, is perfect for a family seeking a peaceful countryside lifestyle.
