Description:	

in the heart of the lush green Mouresi, in the magnificent Pelion, a complex of three two-level stone detached houses is for sale, built with an emphasis on quality and aesthetic detail, respecting the traditional architecture of the place. Among centuries-old trees, flowers and aromas of the Pelion nature, the properties offer an absolute sense of tranquility and privacy. The stone walls, wooden elements and careful details create an atmosphere of warmth and authenticity, combining traditional aesthetics with modern comfort. The two properties consist of two levels which are analyzed as follows:

Property 1: On the ground floor we find a large living room with fireplace, a kitchen in an integrated layout with the dining room as well as a bathroom. Going up to the second level via an internal staircase, we will find two bedrooms, a bathroom as well as an attic which is used as an office. Externally, the property has a very large flat yard filled with ornamental plants and fruit trees, a rock garden, a large barbecue with oven and large dining area, a large living room as well as numerous warm corners of peace and tranquility.

Property 2: On the ground floor we find a living room with kitchen, a bathroom and two bedrooms. On this level externally we will also find an external storage room-laundry room. The second level consists of a living room with fireplace, a small kitchen, a bathroom and an attic which is used as a bedroom. On this level there is also a large balcony. The two levels are connected via an internal staircase but can also operate independently as they have separate entrances. Externally, the property has two courtyards and

two parking spaces.

Property 3: On the ground floor we find a living room with a fireplace in an integrated layout with the kitchen, a bathroom and a bedroom. On this level externally we will also find a yard with a lawn. The second level consists of a living room with a fireplace, a small kitchen, a bathroom and an attic which is used as a bedroom. On this level there is also a large balcony. The two levels are independent of each other with separate entrances. Externally the property has two courtyards, parking and a large plot for the creation of extra structures. Within its plot there are active building permits for two more houses (a house of 92.6 sq.m. on two levels and a ground floor of 55.4 sq.m.)

An ideal choice for those looking for a peaceful place to stay or escape, with easy access to the picturesque paths, the nearby beaches of the Aegean and the traditional villages of Pelion.
