Description:

There are few occasions when we have the opportunity to offer a house with such revolutionary characteristics, which is certainly aimed at the most refined and avant-garde buyers. Taking nature as a source of knowledge for the design, the project presented ends up being a work with its own identity, far removed from fashions or styles and standing out from the rest of the properties in the area. The house is developed on an independent plot of 477 m2 with a built surface in the shape of a flower of 118 m2, distributed in 2 bedrooms, 2 bathrooms, cleaning room and pantry, kitchen and living room, surrounding all these rooms the peculiar internal patio, which provides an extra of light and warmth to the house. Outside we find the swimming pool, garage space, storage room, and two terraces facing north and south. In addition to having excellent materials and finishes, it has the advantage of being close to services and only 20 minutes from Benidorm. Ideal as a permanent residence or second home. Any description would be unfair to the sensations generated by this unique property. Best to view.
