Description:

For sale is a large plot of land in Stari Grad on the island of Hvar, measuring 18,500 square meters. The plot is located near the ferry port, which ensures exceptional connectivity and accessibility. The water pipe runs through the plot, and the terrain has direct access to the paved road leading to Selce, just a few minutes' drive from the ferry. Part of the plot is steep and shaped into traditional Dalmatian terraces, on which there is a small roofless house of about 4 m² and an old Dalmatian trim. Nearby, on a separate part below the road, there are an additional 12 olive trees of the Oblica variety. Thanks to the large area, infrastructural amenities and the presence of olive groves, this plot represents an excellent investment opportunity for agricultural purposes. For additional information and to arrange a tour, we are at your disposal.
