Description:

This beautifully restored house, designed by an architect, showcases a harmonious blend of modern and original features. Light, open rooms and elegant detailing give the property a sense of style and grace throughout. The home offers four spacious reception rooms opening onto a large terrace, ideal for relaxing or entertaining. There are four bedrooms, (one with its own en-suite shower room) and 2 other bathrooms, ensuring comfort and privacy for family or guests. The layout is unique and thoughtfully designed, combining authentic character with contemporary living. Previously, the property has been successfully rented out to very happy holiday visitors (a new owner may need to reapply for the relevant permissions should they wish to continue this activity). An inner courtyard provides private off street parking and the terrace. The commercial space is currently rented out on a long-term contract, offering a reliable source of income from day one. Located in the green and peaceful Haute-Vienne, in the historic town of Rochechouart—where the château houses the departmental Museum of Modern Art—this impressive townhouse enjoys a privileged setting close to all amenities including bars and restaurants.
