Description:

Contemporary Villa with Total Self-Sufficiency | Swimming Pool, Privacy and High Energy Efficiency

This exclusive villa combines contemporary architecture with Mediterranean influences, high energy efficiency and total privacy. Set on a fenced plot of 6,000 m², it offers an environment of tranquility, quality and contact with nature ideal for a family residence, second home or premium investment in the Algarve.

Key Highlights :

- * Building area: 248 m² + basement of 128 m²
- * Private pool of 14 meters
- * Garden shed with 20 m²
- * Large plot with Mediterranean garden, orchard and functional vegetable garden
- * Total landscape integration and high privacy

Self-Sufficiency and Sustainability:

- * Own refueling through borehole with three-phase pump
- * 20,000 L Cistern
- * Photovoltaic system for self-consumption (4.6 kW)
- * Automatic irrigation throughout the garden area
- * Materials and construction solutions oriented towards efficiency and low maintenance

Comfort and State-of-the-Art Technology:

- Underfloor heating (heating and cooling) in all rooms Uponor system;
- Junkers heat pump (300 L) for hot water;
- Central vacuum;
- Aluminum electric blinds;
- Frames with thermal break and Stop-Sol glass;
- Heat recovery unit;
- Double whirlpool tub;
- LED lighting embedded in false ceilings.

Safety and Premium Finishes :

- Armored entrance door;
- Additional armored door in the basement;
- Sanitary ware ****Roca**** and ****Bellavista****;
- ****Grohe**** faucets;
- Integrated mosquito nets;
- High quality plumbing (Wirsbo Uponor);
- Finishes from recognized and certified brands.

Architecture: Modernity with Mediterranean Essence :

The villa features clean lines, well-defined volumes and traditional ceramic roofs, resulting in a harmonious synthesis between modern aesthetics and regional identity. Large glazing windows promote natural light and a strong indoor-outdoor connection.

Architectural Elements:

- Two floors + semi-underground basement;
- Facades with wide and horizontal openings;
- Pergolas and panoramic balcony;
- Natural materials such as stone and sanded plaster;
- State-of-the-art thermal insulation (Weber Therm).

Spacious and Functional Interiors:

-
- Interior spaces favor fluidity, luminosity and functionality.
 - The basement, with its 128 m², increases the potential use of the house perfect for an office, gym, cinema room or storage area.

Exterior and Complete Infrastructures:

- 14-meter swimming pool integrated into the landscape
- Supporting outdoor bathroom
- Paved parking
- Automatic gates
- Garden areas structured by stone terraces
- Orchard and vegetable garden for sustainable living

Safe and High Potential Investment:

- Ideal for luxury market and premium rentals
- Reduced operating costs due to energy and water autonomy
- Strong potential for high-quality rural tourism
- Property ready to move in, with no need for works or improvements
