Surrounded by nature and secured within a peaceful gated community, this spacious lot is ideal for investors or homeowners seeking tranquility with proximity to the coast.

Nestled in the exclusive Finca Los Pargos community in Playa Negra, this expansive 5,027 m² lot offers a rare blend of ocean views, privacy, and development potential in one of Guanacaste's most desirable coastal regions. Whether you're seeking a site for a dream residence, a family estate, or a boutique development of up to three homes, this property checks every box.

The lot is fully serviced with water and electricity already in place, and municipal taxes are up to date. The topography is terraced and build-ready, positioned at the top of the parcel to optimize views and maximize usability. A small stream borders the lower edge of the property, enhancing the natural landscape without affecting the build site. In fact, it provides a natural drainage solution during the rainy

season, adding to the lot's practicality.

From the upper terrace, the property enjoys sweeping views of both the ocean and lush forest surroundings. Located just a short walk or drive from Playa Negra and Playa Blanca—two of the region's most iconic beaches—this location offers daily access to surf, sand, and unforgettable sunsets.

Finca Los Pargos is a low-density, gated community where each parcel is at least 5,000 m², ensuring a peaceful, private environment with minimal development pressure. The setting is ideal for families, retirees, digital nomads, or developers seeking a nature-focused lifestyle near the coast. While the neighborhood feels quiet and remote, it remains conveniently close to Tamarindo and other world-class beaches, as well as shops, restaurants, and international schools.

Offered at \$199,990 USD, this lot represents excellent value in a high-demand area experiencing strong growth. Whether you're looking to build your forever home or make a smart investment in Costa Rica's Pacific Gold Coast, this property is an outstanding opportunity.
