Nestled in the rapidly growing and highly desirable area of Kuta, Lombok, this exceptional leasehold apartment presents a rare opportunity to secure a premium property in one of Indonesia's most exciting emerging destinations. Priced attractively at €59,999, this beautifully designed 50 sqm off-plan apartment offers unmatched affordability while delivering the style, function, and investment appeal often found in elite Lombok real estate for sale. Located just 7 minutes from Lombok's iconic Kuta Beach, the apartment is part of a thoughtfully planned premium residential and investment complex featuring 20 exclusive units.

Inspired by the serene beauty of Maldivian resorts and refined tropical architecture, the development offers three unit types—Studio Apartments (50 m²), Medium Villas (80–90 m²), and Double-Storey Big Villas (176 m²)—each built to deliver comfort, elegance, and high ROI potential. Its proximity to Central Kuta (only 1.5 km away) places residents within minutes of restaurants, beach clubs, boutiques, and upcoming lifestyle amenities. This fully furnished 1-bedroom, 1-bathroom apartment features an enclosed living area designed for privacy and year-round comfort. The project includes a shared pool for studio units, while the entire complex provides premium facilities such as a reception area, allocated parking, 24/7 security, a chill-out lounge, and full operational management—making it a completely hands-free investment. Future additions to the area will include dining venues, wellness and spa facilities, coworking spaces, and fitness amenities, further increasing its market appeal and long-term value.

Perfect for personal use or as a strategic asset in the booming Lombok property market, this unit caters to buyers seeking luxury properties for sale in Lombok, high-yield investment properties, or stylish entry-level options among affordable Lombok homes for sale. Its proximity to the beach also appeals to those searching for beachfront properties for sale in Lombok, making it a standout in current Lombok real estate listings. With tourism and infrastructure in Lombok developing rapidly, buying real estate in Lombok is becoming one of the region's most promising investment decisions—and this apartment offers one of the most accessible and rewarding opportunities available today.
