Description:

Set between Tavira and Olhão, just minutes from the Algarve coastline, this 1.5-hectare estate offers privacy, mature landscaping and far-reaching sea and countryside views. Designed with traditional Algarve character and high-quality construction, the property includes two fully independent villas, generous outdoor areas and equestrian facilities, making it an exceptional opportunity for family living or investment.

The main villa, with 253 m² of interior space, has been finished with premium materials and German-imported components. The layout includes a bright living room with high ceilings and a fireplace, a modern Miele-equipped kitchen, and three bedrooms, including a master suite with sauna, spacious bathroom and a private terrace. Natural wood and stone flooring, UV-protected double glazing and strong insulation ensure year-round comfort.

A second villa of 165 m², fully autonomous and licensed for tourism (AL), offers three bedrooms, high cane ceilings, Santa Catarina terracotta flooring and a private swimming pool. With its own entrance, terraces and complete independence from the main residence, it currently operates as a successful holiday

rental, delivering immediate income potential. Both villas benefit from central heating, air conditioning and private garden areas.

The estate is further enhanced by a riding paddock, equine shed for up to four horses, carport for four vehicles and well-managed water supply from a borehole and dam. Surrounded by peaceful countryside yet close to Taviras historic centre and several renowned beaches, this versatile property suits multigenerational living, equestrian enthusiasts or buyers seeking a profitable tourism investment. Conveniently located 35 minutes from Faro International Airport, 15 minutes from Fuseta and Praia de Barril beaches, and 12 km from Tavira town centre, the estate offers accessibility alongside total privacy.
