This is not just a building plot. This is a piece of Dugi Otok that rarely appears on the market.

In Božava, in a quiet location surrounded by nature, a building plot of 504 m2 is for sale, just 120 meters from the sea. The plot is located along an asphalt road, electricity is nearby, and the dimensions allow for a serious project: a modern holiday home, a luxury villa or a smart investment for tourism.

Božava is not a place where you buy square meters. Božava is a place where you buy silence, clear sea and a lifestyle that more and more people are looking for, but fewer and fewer find.

Such positions on the island do not wait long. The best time to buy is NOW.
