Description:

Soft Mediterranean character meets the calm atmosphere of Ungasan in a beautifully designed two-level villa set on 300 sqm of land with a generous 240 sqm building size. The architecture reflects a Santorini-inspired aesthetic, creating an airy and soothing environment that feels light, elegant, and timeless. Open living spaces blend naturally with the surrounding garden and private pool, allowing natural light and fresh air to flow effortlessly throughout the villa.

The interior layout offers three bedrooms and three bathrooms, fully furnished with a thoughtfully arranged kitchen set and an open living room area that emphasizes comfort and spatial openness. A wide balcony on the upper level becomes a defining feature, providing an inviting space to relax, unwind, or enjoy quiet moments away from daily noise. Located in a yellow zone area of Ungasan, the villa sits far from crowds and urban disturbance while remaining ideal for long-term property investment in Bali. Its tranquil setting, distinctive architectural style, and functional layout make it suitable both for personal living and as a high-value asset with strong long-term potential.
