### Description:

In the heart of Lakonia, where history and nature blend seamlessly, stands a majestic stone residence overlooking the endless blue of the Mediterranean.

Built in the distinctive Lakonian architectural style, this 320 sqm home is a testament to craftsmanship and tradition, its stone façade echoing the timeless beauty of the region.

Perched on a sprawling 5,000 sqm plot, the property offers a sense of peace and seclusion, yet remains just a five-minute drive from the sea. The landscape unfolds in every direction—rugged hills, ancient olive groves, and the shimmering coastline—a setting that embodies the raw, untouched beauty of the Mani Peninsula.

Inside, the home is designed for both comfort and elegance. Four spacious bedrooms provide ample space for family and guests, while two well-appointed bathrooms ensure practicality without compromising style. Expansive windows frame the panoramic sea views, inviting the natural light to dance across the stone walls and wooden details, creating an atmosphere of warmth and tranquility. Beyond its aesthetic charm, this residence offers an unparalleled location. The famed Diros Caves, a geological wonder of underground lakes and dramatic rock formations, lie just minutes away, while the surrounding villages offer quaint tavernas, historic landmarks, and pristine beaches waiting to be explored.

Currently at its half-finished stage, the home presents a unique opportunity: the chance to step into a brand-new, fully completed dream residence within just six to seven months. With the final touches left to be tailored, this is a rare moment to shape a home that perfectly reflects personal taste and lifestyle. A property of authentic beauty and unlimited potential, this is more than just a house—it is an invitation

to experience Lakonia's charm at its finest.
