Description:

Ref. M119 COLÉGIO - BENSFRIM

Located in a quiet countryside area, just a few minutes from the city of Lagos, this property brings together characteristics that make it truly unique and special. It is a versatile, almost modular property that adapts to different lifestyles and needs.

In practice, the property consists of three independent units, each with its own entrance, corresponding to the typologies T3, T2 and T1. This configuration offers numerous possibilities of use.

It is ideal for large families, for those looking to accommodate a child who wants more independence, or even for situations where a close family member such as the mother-in-law joins the family, maintaining their own space and privacy.

The profitability of the property is also a very interesting option, and can be explored in different ways.

The property also has an adjacent space of about 60 m², originally used as a painting studio. It is an area full of potential, which can be transformed into a games room, garage, gym or any other project that your imagination allows.

This property just needs someone who knows how to take advantage of its full potential.
