Description:

The Glasshaus is simplicity distilled to its purest truth without surrender, without excess. A single-level glass pavilion immersed in nature, conceived as an architectural sanctuary where transparency, landscape, and light exist in perfect equilibrium.

Design is dedicated to creating space for escapism. This home is a retreat for those seeking to reconnect with nature. The design focuses on rethinking how we live stripping away excess, enhancing presence, and turning the everyday into an immersive experience of simplicity and reflection.

Interior Living

This fully furnished and turnkey residence features three bedrooms and one versatile polyvalent room, ideal as a single bedroom, office, hobby studio, or nursery.

Each bedroom is an individual space with character, designed to evoke a spa-like experience of tranquility. Bedrooms and bathrooms follow an open-plan concept, thoughtfully arranged around the sleeping area to create meditative calm and integrated wellness. His-and-hers sinks and rain showers

elevate daily rituals into refined sensory experiences.

High ceilings enhance the sense of openness, while panoramic glass curtain walls dissolve the boundary between interior and exterior, framing uninterrupted views of the surrounding landscape. The home is crafted with premium double-glazed mirror glass offering 70% UV protection ensuring comfort, privacy, and energy efficiency without compromising transparency.

Fully integrated smart home automation allows seamless control of lighting, climate, security, and ambiance.

Outdoor Experience

At the heart of the exterior lies a striking black infinity pool that appears as an endless void reflecting the sky, distant vistas, and the house from every angle. Immersed sun loungers create the sensation of floating between water and horizon.

The outdoor living experience is equally considered: a fully equipped BBQ and drinks bar, aromatic herb gardens, palm tree hammocks, and dedicated stargazing lounges invite slow living beneath open skies.

Availability

Conceived as a bespoke vision, each Glasshaus is built exclusively by pre-order in the islands and on the mainland of Portugal.
