Description:

Set in the sought-after coastal enclave of Ungasan, this off-plan tropical contemporary villa merges modern design with the beauty of its natural surroundings. Designed with sustainability in mind, the villa embraces an open-plan concept that allows for seamless indoor-outdoor living. Existing trees are preserved to enhance the lush garden atmosphere, while a green fence replaces traditional barriers, maintaining a harmonious connection with nature.

Spanning 252 sqm of land with a 225 sqm two-storey build, this villa offers three bedrooms and three elegantly designed bathrooms featuring a bathtub, rain shower, and premium amenities. The spacious living and dining areas flow into a sleek Western-style kitchen, creating an inviting space for both relaxation and entertainment. Expansive glass doors open to a large garden and an impressive 28 sqm lap pool, a feature that elevates both leisure and rental appeal.

Sustainability and comfort go hand in hand, with eco-conscious materials and a rooftop space that offers stunning views. The option to incorporate a sauna and jacuzzi enhances the villa's wellness appeal, while car parking ensures convenience for owners and guests alike. For those looking to optimize costs, the design allows for a single-storey build or a loft-style second floor.

Special Launch Promotion – The first two units are being offered at a reduced price of IDR 4,390,000,000 on a 30-year leasehold, providing buyers with a significant saving and excellent early-entry value.

Offered on a 30-year LEASEHOLD at IDR 4,950,000,000, this villa is a prime investment opportunity with strong rental potential. With the rising popularity of Ungasan and its growing luxury market, this property is poised to deliver both lifestyle and financial returns.
