Description:



Quiet confidence defines this villa—clean lines, calm spaces, and considered living.







Tucked into the relaxed coastal rhythm of Moraira, this south-east facing villa sits on a rare, flat plot of 1,150 m², offering space, privacy, and a natural sense of flow throughout.







Behind secure electric gates, a generous forecourt provides parking for up to five vehicles. From here, you can move easily between the home and the outdoor living spaces—ideal for entertaining or simply enjoying a more relaxed pace. The approach is practical, understated, and designed to host without compromise.







Inside, the layout is clean and purposeful. A marble staircase anchors the entrance, while the main living area opens directly onto a broad covered terrace, creating a seamless connection between indoors and out. The open-plan kitchen, centred around a functional island, links effortlessly to the outdoor dining area and summer kitchen with BBQ—designed for everyday living rather than occasional use.

Three well-proportioned bedrooms are arranged with comfort and simplicity in mind. The primary suite, set on the upper level, offers a dressing area, en-suite bathroom, and direct access to a large private terrace with open views across the surrounding countryside. The two ground-floor bedrooms both enjoy direct access to the garden, pool, and naya.

;

;

;

Outside, approximately 150 m² of terrace space surrounds a 5x12m pool, framed by established palms and olive trees that give the garden a settled, natural feel. Every element is designed to be lived with, not just admired.
