Description:

2 bedroom apartment located on Avenida Novo Rumo, in Maia, Porto, Portugal, in a location that stands out for the convenience of everyday life and the speed of connection to Porto. Inserted in a residential area of choice, it allows pedestrian access to commerce, services, transport and green spaces, being a very balanced option for own housing or investment. Avenida Novo Rumo is located in the parish of Maia, and the Novo Rumo Urban Park is one of the green reference points in the area.

The property is located on the first floor of a well-maintained building, with only two apartments per floor, and has a functional distribution, with a balanced separation between the social area and the private area. It is a habitable apartment, with potential for modernization, allowing the future owner to value it according to his personal taste and needs.

This apartment is distinguished above all by the strength of its location. It is one of those options that make sense for those who value mobility, proximity to services and a practical routine, without giving up a stable and consolidated residential context.

The south-facing social area favours the entry of natural light, while the interior organisation offers a functional basis for a simple upgrade with potential for enhancement. For those looking to buy in Maia in a central area, with metro, quick access and neighborhood life, this property brings together characteristics that are difficult to combine in this range.

Location

The location is one of his biggest arguments. The apartment is located about 500 meters from the Parque Maia Metro station, with connection to the metro network of the metropolitan area, and benefits from proximity to Avenida António Santos Leite, one of the important axes of the city. In the vicinity you will also find local shops, cafes, restaurants, pharmacy and other useful services for everyday life. The 1st CEB JI Basic School of Maia is located in the surroundings of Avenida António Santos Leite, reinforcing the convenience for households.

Within walking distance is also the Novo Rumo Urban Park, a green space with a pedestrian path and leisure area, where the sculpture in honor of John Paul II, inaugurated in 2018, is located. This proximity to a green area adds quality of life and reinforces the balanced character of the area between urban accessibility and daily use of outdoor space.
