Description:

Elegant 19th-century duplex apartment, finely renovated with bright, spacious interiors, high-end finishes, ready to move in for sale in Montepulciano, Siena. In the heart of one of Tuscany's most captivating locations, just a short distance from the historic center of Montepulciano, we exclusively offer for sale this elegant residence within "Antico Borgo." This prestigious complex is a refined restoration of a 19th-century hospital protected by the Fine Arts Heritage. Renovated in 2016, the project seamlessly blends the architectural value of traditional terracotta brickwork with contemporary design, perfectly integrated into the Valdichiana landscape. The apartment, located on the first floor, spans a generous surface area of approximately 1,560 sq ft (145 sq m) distributed over two levels. The entrance opens into a bright living area with an open-plan kitchen, leading to a hallway that serves two bedrooms with elegant parquet flooring and two bathrooms. One of these bathrooms, adjacent to the living area, has been left unfinished to provide the option of extending the living/kitchen space (refer to "Solution B" in the floor plans). From the living room, a staircase leads to the upper level, which houses a master sleeping area with a spacious walk-in closet, a living/study area, and an additional bathroom (also to be finished). The property is equipped with air conditioning, a security door, and an alarm system, and is completed with a private car-seat in the basement parking area and access to well-maintained communal areas. The "Borgo" offers a unique vibrancy thanks to high-quality services such as medical centers, banks, and high-end commercial activities, ensuring a perfect balance between privacy and daily convenience. A charming home where space and the Tuscan panorama meet in an exceptional historical context. Additional units of various types are available within the complex; please do not hesitate to contact us for

further information.
