Description:

Building land in Tugare with building permit for a villa with a swimming pool. This south-facing plot is located on the very edge of the construction zone in peace and quiet. The advantage is that the plot is located in a zone where construction is allowed even during the summer months. The price includes the paid communal contribution, which together with the project itself amounts to more than 30,000 Euro. Final permit for the facility is from 12/2023. The project can be changed at the buyer's request, too. The project was made for commercial purposes but can also be suitable for a comfortable family home. For all other information, I am at your disposal...
