BIOGRAD NA MORU - apartment in the center

At the top of a small residential building in Biograd na Moru there is an apartment that offers a harmonious combination of practicality and a pleasant atmosphere, in the immediate vicinity of the coast and everyday amenities.

The interior is filled with light thanks to the favorable orientation, and the layout of the space is designed to provide clearly separated zones for rest and living. Two rooms intended for sleeping ensure privacy, while the central part of the apartment connects the living room with the kitchen and dining room into one rounded whole. Access to the balcony provides additional value, as well as auxiliary rooms that facilitate the organization of everyday life.

A pleasant temperature throughout the year is achieved by a combination of underfloor heating, air conditioning and a fireplace, which gives the space warmth and character.

The environment offers a balance between the liveliness of the place and a more relaxed rhythm of life, with easy access to everything you need, while the proximity of the sea further enriches everyday life.

An ideal property for both year-round residence and tourism.
