Description:

Located just moments from Pintadinho Beach in Ferragudo, this exceptional four-bedroom villa is currently under construction and scheduled for completion at the end of 2026. Designed by renowned architect Thiago Braddell, the property combines elegant Portuguese-inspired architecture with a spectacular beachfront setting.

The villa offers two bedrooms in the main residence and two additional bedrooms within self-contained guest accommodation on the lower level. Upon entering, striking multi-layered ceilings create an immediate sense of space and light. The main floor features a modern kitchen and a spacious open-plan living and dining area centred around breathtaking sea views. A double-sided fireplace enhances both living and dining spaces, while large windows frame the dramatic coastline and beach below.

The master suite enjoys direct access to a generous private terrace overlooking the beach and the cliffs beyond. The lower level provides an ideal retreat for guests or extended family, with its own living area, fireplace, kitchenette and two further bedrooms, one of which is en-suite.

Outside, expansive terraces and a swimming pool have been carefully positioned to maximise the panoramic ocean views. Beautifully landscaped Mediterranean gardens create a private oasis, while a rare private pathway provides direct access to the beach. From morning swims and seaside walks to spectacular sunsets over the Atlantic, this remarkable property offers an unrivalled coastal lifestyle.
