Description:

Located in Lisboa.

CAZ Homes & VIR Partners are pleased to present you Casas de Santo Amaro, an exclusive development that combines contemporary architecture, timeless design and a privileged location in Alcântara.

The **Casas de Santo Amaro** is a condominium composed of only five 5 bedroom villas, inspired by the harmony and balance of Piet Mondrian's compositions. Each house was carefully designed to provide a sophisticated living experience, privileging natural light, outdoor spaces and the connection to the Tagus River.

With private gross areas between **360 m²** and **410 m²**, each villa is spread over four floors served by a private elevator, offering a functional and elegant organization.

On the entrance floor are the large social areas, fully equipped kitchen, guest bathroom and a living room with direct connection to the private garden. On the first floor there is a family area with a suite and two bedrooms. The top floor is entirely dedicated to comfort and tranquility, integrating a master suite, office, library and a magnificent terrace with jacuzzi and views over the river. In the basement there is a private garage for three cars, technical areas and storage.

The materials and finishes reflect a high standard of quality, highlighting the Lioz marble, the high-strength microconcrete, high-efficiency window frames, air conditioning, elevator and a careful landscape integration.

Located in one of the most dynamic areas of Lisbon, between the Tagus River, Belém and the city centre, it benefits from the proximity to restaurants, cultural venues, museums, green areas, reference hospitals and excellent road and transport access.
