Description:

Located just 700 meters from the iconic Falésia Beach, in the calm Surfal urbanization, you will find this bright 2+1 bedroom apartment, ideal for those who have or dream of having a large family, or for those looking for a spacious apartment to monetize.

The brand new kitchen is separate from the generous living room, which, given its layout, could be converted into a small bedroom or office.

In addition to the new kitchen and the generous living room, the apartment comprises a spacious hall, three bedrooms (one en-suite), two bathrooms, and a balcony.

The apartment also has a parking space and storage in the garage.

Note: This is an opportunity for people with reduced mobility, with only a small step to the apartment entrance.

Living or take a vacation here means you won't need to use your car, because in addition to having the

beach at the end of the street, you will be within a few dozen meters of all the services you need and just a few dozen kilometers from Faro International Airport.

This is a rare type of property, in one of the most desirable areas of the region.
Be prudent and schedule your visit now!
