Description:

An authentic Tuscan ancient convent expertly restored with spa, indoor and outdoor pools, air-conditioned, park, and vineyard for sale near Cortona. Just 6 km from the town of Cortona, this 27-acre estate unfolds within a private corner of Tuscany and boasts far-reaching panoramic views. At its heart stands an authentic 16th-century convent masterfully restored to honour its heritage while embracing contemporary luxury. Appointed with a spa, heated pool, a private helicopter landing ground, full air conditioning throughout, gated entrance, and offered partly furnished: a compelling prelude to the remarkable lifestyle that unfolds beyond this enchanting property. Spanning 1,360 square meters (14649 sq ft), the manor house is a celebration of timeless Tuscan architecture: natural stone façades, antique timber doors and windows, hand-laid cotto floors, soaring ceilings adorned with frescoes, and imposing fireplaces that anchor generous reception rooms of remarkable atmosphere. The living and dining halls are both grand and inviting, designed for elegant entertaining on a significant scale, while a state-of-the-art professional kitchen ensures seamless hospitality, whether for intimate gatherings or larger soirées beneath the pergola overlooking the gardens. Accommodation is both abundant and beautifully appointed. The manor house hosts 8 master bedroom suites, and two additional single-level guest cottages, discreetly positioned within the garden, provide a further 6 master bedrooms, suited equally to private family life or an exclusive hospitality venture. A spa area includes an 80 sq m (861 sq ft) conservatory dedicated to a heated indoor pool with chromotherapy and Jacuzzi. The landscaped parkland surrounding the residences features sculpted paths and stone stairways leading to a dedicated Work Out and Cross Fit ground, a designed children's playground, and an organic vegetables/kitchen garden. The surrounding land

encompasses olive groves, pasture, and forest, together with 1.6 hectares (4.5 acres) of IGT Toscana vineyards planted predominantly with Sangiovese vines, alongside Merlot and Syrah. Horse paddocks along with ancillary farm buildings, barns, former stables, and technical rooms provide extensive operational support. Finally, a building plot presents the potential to extend the living surface area by a further 500 square meters (5382 sq ft). Contact us for all details!
