Prestige Lagoons Exclusivity, Design and Quality in Ferreiras, Albufeira

Discover Lagoas Prestige, an exclusive development consisting of only 18 T1 and T2 apartments, spread over three floors, designed for those who value comfort, elegance and quality of construction.

With contemporary architecture, modern lines and excellent finishes, each apartment was designed to provide a superior living experience. The large interior areas and generous balconies guarantee excellent natural light, complemented by a privileged solar orientation.

The kitchens, with a modern design, feature Farrow & Ball lacquered furniture, white Calacatta countertops, Bosch appliances and Roca taps, combining aesthetics and functionality. The high-quality vinyl floors, the bathrooms covered with premium materials from Pamesa and Grespania, the Roca GAP crockery and the glass screens reflect the attention to detail in each space.

Comfort is ensured by air conditioning in the living room and bedrooms, aluminum frames with double thermal control glazing, ETICS thermal insulation system (Capoto) and solar panels for water heating, providing greater energy efficiency and reduced consumption.

Outside, residents will be able to enjoy an elegant communal swimming pool, large landscaped gardens, parking space in the basement and Schindler elevator, ensuring convenience and accessibility in all areas of the development.

Located in Ferreiras, in a quiet and easily accessible area, Lagoas Prestige is just a short walk from:
