Description:

An elegant two-story home in the exclusive Antico Borgo of Montepulciano. Just a stone's throw from the historic center of Montepulciano and the famous landscapes of the Valdichiana, we present a rare two-story residence within the prestigious Antico Borgo. The result of a masterful restoration of the 19th-century city hospital—a site protected by the Italian Ministry of Cultural Heritage—the complex features imposing facades made of authentic Tuscan terracotta. This unit, distinguished by its distinctive interior architecture, boasts a unique floor plan, ensuring a clear and valuable separation between the living area and the maximum privacy of the sleeping quarters. The 114 m² / 1,227 sq mt apartment opens onto the first floor with an airy and bright open-concept living area. The space, which harmoniously integrates the living room and open kitchen, is enhanced by traditional 2.70-meter-high ceilings with wooden beams and joists, as well as large windows that flood the home with natural light throughout the day. This level also features a bathroom with a shower, cleverly organized to double as a laundry area. A striking open staircase in wood and steel, with a light and contemporary design, ascends to the upper floor, serving as a true design element without taking away from the living room's spaciousness. The second level reveals the home's most intimate and romantic spirit. A tastefully appointed hallway leads to a bedroom and a private study. The sloping lines of the roof, the warm oak laminate floors, and the skylights flush with the roofline create a cozy and peaceful atmosphere. Rounding out this level are two spacious and charming attic spaces, currently configured as two small bedrooms and a second immaculate bathroom with a shower. In excellent condition and ready to move in, the property features central heating with a heat pump, a pellet stove, and a security door. Perfectly situated in a well-maintained neighborhood featuring

elegant professional offices, medical centers, and boutiques, and just a few minutes from Pienza, the Val d'Orcia, and the thermal baths of Chianciano, this home represents an unparalleled investment: perfect as a prestigious primary residence, a luxurious Tuscan retreat, or for inclusion in the international tourist rental market.
