Description:

A charming piece of traditional Sagres, thoughtfully transformed into a beautifully finished contemporary home.

Located in the heart of Sagres, this characterful one-bedroom cottage has been carefully renovated, combining the charm of traditional Algarve architecture with a fresh and contemporary feel.

The renovation has been completed with exceptional attention to detail, retaining the character of the original property while making clever use of the available space. Beautiful Santa Catarina tiles run throughout, complemented by doors and frames in a traditional Algarve-inspired colour palette.

The bright living space benefits from high ceilings, excellent natural light and cleverly designed built-in storage and seating areas. Velux windows with remote controls provide additional light and ventilation, while a large additional storage area offers valuable practical space.

The bespoke kitchen features thoughtful details including a custom-made hob and individually selected electrical sockets, reflecting the quality and individuality of the renovation.

The bedroom is bright and peaceful, with carefully designed glazing extending upwards in place of a conventional full-height wall, allowing natural light to flow through the space. The bathroom continues the property's distinctive character with beautifully considered finishes and a circular porthole-style window.

Outside, the cottage benefits from a small entrance patio and a further private outdoor area to the rear, with access to the road. A charming lemon tree adds to the Mediterranean feel.

Sagres is renowned for its spectacular Atlantic coastline, beaches and natural landscapes, making it a paradise for surfers, nature lovers and outdoor enthusiasts, while its independent cafés, restaurants and relaxed international atmosphere give the village a distinctive and eclectic character.

Whether as a permanent home, holiday retreat or investment, this is a unique opportunity to own a beautifully renovated cottage in one of the Algarve's most distinctive coastal villages.
