Description:

A ton of energy and thought has gone into the renovation of this wonderful property, which is situated on the north side of Barnard Castle. Stepping in through the front door, a spacious hallway delivers that all-important welcome, and a taste for the quality of finish throughout.

As you move into the heart of the home - the kitchen - you cannot fail to be impressed at how the current vendors have made this into an open-plan social space, ideal for entertaining family and friends. A thoughtful extension to the kitchen containing a ceiling lantern, makes this simply a magical place in which to dine, and importantly adds the wow factor you have been looking for. Look no further.

Large windows bring light and warmth into the south-facing lounge - a spacious living room, whose dimensions make it able to serve the whole family all at once. It pleasingly contains the high ceilings and classical elegance of its era, providing a super space in which to relax.

Fresh plaster and neutral colour schemes bring a superb finish throughout the house, including two beautifully-painted staircases to the first and second floors. The attic has been converted to a luxury master suite which includes a fifth super-king bedroom and opulent en-suite bathroom. Large, Velux windows have thoughtfully been added, making fantastic use of the light on the south side of the room.

This house has show-home qualities to die for. Four other bedrooms and family bathrooms have been developed along similar luxurious lines to the attic master suite. Make no mistake - this is a supremely finished house, boldly selecting contemporary lines and awaiting a family to soften with love and laughter.

The house is very close to the centre of town, and within easy reach of major amenities, including shops, leisure centre, petrol station and doctor's surgery. But importantly, being on the north side of Barnard Castle, makes this property sit in a significantly easier commuting zone, with easy escape routes from the town that avoid central congestion at peak times.

Darlington station, newly upgraded, is 15.8 miles away where you can park in a secure multi-storey car park under surveillance. You can travel to London Kings Cross within 2.25 hours. Major trunk routes are within easy access, making Barnard Castle an ideal location to provide great schools AND still comfortably commute to work.

Barnard Castle is a medieval town, built around the castle which gave it its name. It sits on the banks of the wide River Tees. Teesdale is in an AONB, and is considered to be one of the best walking and cycling parts of the country and home to 'High Force' - one of the highest waterfalls in England. It has dark skies at night, and is loved by star-gazers and wildlife enthusiasts. There is an observatory and a sailing club at Grassholme reservoir nearby. This really is the best of all worlds, a mindful existence, envied by many.

This is a superb property, with private parking and a south facing garden. This wonderful house in historic fabulous Barnard Castle, could easily deliver an outstanding lifestyle and an asset to working life.
