Soumis: 30/09/2026

Description:

Set in the historic heart of Tavira, this newly built 2-bedroom house offers the rare opportunity to enjoy a modern, energy-efficient home in one of the East Algarves most desirable town centre locations. With shops, cafés, restaurants, the riverside and everyday amenities within easy walking distance, the property combines the convenience of central Tavira living with private outdoor spaces that are difficult to find in this part of town. Built to a high standard, the house offers approximately 200 m² of construction area on a 147 m² plot and holds an A+ energy rating.

Inside, the house has been designed for comfortable year-round living, with a welcoming living room featuring a fireplace and a fully equipped kitchen open to dining space. The property comprises two bedrooms and three bathrooms, complemented by quality finishes and excellent energy-efficient features. Additional accommodation has been created in the attic. Air conditioning, underfloor heating with heat pump, photovoltaic panels and solar water heating contribute to a high level of comfort and low-energy living, while double-glazed wooden windows and doors retain a warm, characterful feel.

Outdoor living is an important part of the property. The kitchen and dining area open directly onto a

private terrace, creating a natural extension of the interior and an inviting setting for outdoor dining and entertaining. Beyond is a lovely landscaped garden with Mediterranean planting, automatic irrigation and a decorative fountain (that can be use as a plunge pool), providing a peaceful retreat in the centre of town. Balconies provide further outside space, while the roof terrace is a particular highlight, offering another private area for relaxing, sunbathing or enjoying long Algarve evenings.

This is an appealing choice for buyers looking for a new, low-maintenance home in central Tavira, whether as a permanent residence, a lock-up-and-leave holiday property or an investment in one of the Algarves most sought-after historic towns. Tavira is known for its traditional architecture, cobbled streets, riverside setting and relaxed lifestyle, with easy access to the Ria Formosa Natural Park and the beaches of Tavira Island. With contemporary comfort, excellent energy efficiency and generous outdoor living in such a central location, this is a property well worth viewing.

Features and fittings mentioned are subject to agreement and verification between the vendor and the buyer

Energy rating: A+
