Leírás:	

If you're looking for a town-centre period property without the usual compromises then look no further than this recently refurbished three bedroom town house on Coniscliffe Road.

Downstairs the property boasts a bright and airy living room to the front of the property featuring a beautiful fireplace with decorative tile surround. The large bay window makes this space light and serene by day, by night you can cosy in front of the fire and enjoy a cup of tea and a book.

The rear of the property has been re-configured to provide a fabulous open-plan kitchen/dining space which opens into the rear garden via patio doors. This space was made for entertaining family and friends and it is clear to see that this would be the heart of the home. From the kitchen you will find the utility room and downstairs cloakroom - surely a must-have in any family home.

Upstairs there are three double bedrooms. The master bedroom benefits from a modern en-suite shower room with a stunning walk-in shower while the other bedrooms are serviced by a neutrally decorated family bathroom.

Externally there is a spacious garden to the rear. There is a patio area ideal for al-fresco drinks and dining, large lawn and hard-standing for parking via an electric roller shutter door. Outdoor space of this

size so close to the town centre is a real rarity and is a true stand-out feature of this already amazing home.

Properties of this calibre in this area rarely come to market and we are anticipating a high level of interest in this sympathetically updated Victorian home. To arrange your viewing and avoid disappointment contact our sales team today!

Please note that some of the rooms have been digitally staged to help buyers appreciate the potential of the property. This is for marketing and illustrative purposes only.

We Love: A generous garden and secure off street parking is unusual in period properties. That the property is situated with walking distance from the town and finished to a high standard makes this a fantastic buy.
