There are a number of residential dwellings built around the lake, one of the more famous ones being featured on the hit TV show ‘Grand Designs’.

Description:

Plot of Approx 33.688sqm. The area of land is described as ‘Rustic’ and upon last inspection was clear of any buildings or occupants.

Ground formation: We are unable to provide any information on the ground composition.

Utilities: Currently the site has no electricity or water connected. Many nearby homes rely on solar energy and have water storage tanks in place, helping them manage their resources effectively.

Legal Interests in the Land: No investigations have been carried out into the presence of third-party interests in the land and the purpose of this report, it assumed that there are none.

Remarks:

It would appear that, provided that there are no legal encumbrances, technical difficulties or planning objections, the main part of the site could reasonably accommodate a large private dwelling with exceptional views overlooking the lake.
