Description

Dominican Republic Sustainable Farm to be found in the town of Abreu. Only 10 minutes to Cabrera and the famous Playa Grande.

This Dominican Republic Sustainable Farm with 383,000 square meters in the town of Abreu is only 10 minutes to Cabrera and 10 minutes to Playa Grande near Rio San Juan.

The farm is clean and well maintained and has magnificent 180 degrees views of the ocean. Furthermore, it has 2 bedrooms Dominican house, a large warehouse, a worker's house, an outdoor kitchen, an animal house, a guest house, 5 deepwater wells, a generator house, and a water pool system throughout the farm for the animals.

Another advantage is that the farm is only 5 minutes away from the main highway.

The property could be diverted into a development project for multiple villas with fantastic ocean views or just keep it as a gentleman's farm.

Approximately 1 hour to the international airport of Puerto Plata, the international El Catey airport in

Samana, and the new highway to the capital Santo Domingo.
