Leírás:

Beautiful newer home on 3.13 acres, with easy access located in Mayhill, New Mexico within the Lincoln National Forest. On the front acre, a 2017 Solitaire mobile home is placed on a permanent foundation. Strong and sturdy construction with tape and texture throughout the home. The septic and electric are 3 years old and fully up to date and code. The water lines were installed at four feet of depth to ensure freezing would never be an issue. The water source is a private well and water is plumbed and available throughout the 3 acres. There is a full RV hookup on the front acre which allows access to water, septic and a 50-amp electric hookup. The back 2 acres are completely fenced in with pipe fencing. There are 3 outbuildings built from reclaimed lumber that was sourced locally from the Lincoln National Forest. A 45 foot connex container provides over 500 feet of storage space. Large animals allowed. Homesteading ready! Call Kristy Tramell today at (575)687-3649 to schedule a viewing.
