The two properties (Fractions B and E) in commercialization are located on Av. 5 de Outubro, turning to Av. Miguel Bombarda, in the heart of Avenidas Novas, in Lisbon, and distributed on floors 0, -1 and -2.

They are part of a building under horizontal property, built in 1987, composed of 20 floors, of which seven are in basement.

The place benefits from excellent road access given the proximity to the main arteries of Lisbon. As for parking, there are surface parking lots with parking meter system along the surrounding streets as well as parking in some underground parks.

In terms of public transport the area is well served with access to different subway, train and buses in the immediate surroundings.

The area is properly infrastructured. It is close to the Calouste Gulbenkian Foundation Museum, the Casa da Moeda and Arco do Cego Garden.
