Leírás:

It has a peaceful environment from the surroundings of a charming Algarve village and the location gives the possibility to enjoy pleasant views to the countryside and the village from the terrace and balcony.

The interior of the house is distributed on several levels and has two independent entrances, giving the possibility of converting the entire property into two small apartments if that is your interest. The middle floor has an independent entrance through a cul-de-sac and consists of a living room, kitchen, dining room, 1 bedroom and bathroom. On the lower floor, which has an entrance from the main street, there is a large single-room space that gives access to the remaining floors. On the upper floor there are 5 spaces that can be used according to your needs, there is also a terrace on the roof from which you can enjoy the magnificent view.

There are some facilities nearby, such as restaurants, cafes, shops, schools and Ribeira de Alte within walking distance and also the famous Queda do Vigário, a small waterfall with a leisure area, perfect for relaxing with your family. It's the perfect place to relax and enjoy the simplicity of rural life. - REF: 1009-2338
