Marbella is the ideal destination with its land which continues to increase, the demands exceeding the offers make Marbella the most stable and profitable investment in Andalusia. Marbella with its mountainous barriers and close to Africa, its sea make it a mild and temperate climate all winter, a good climate in summer neither too dry nor too humid. We are starting Palo Alto's latest launch project: Los Granados which will be delivered in 2023 and will be composed of 6 Buildings with a total of 60 apartments.
