Vieux Fort is a town located near the southernmost point of Saint Lucia, a Caribbean island nation. It is named after a fort that used to watch out towards Saint Vincent towards the south.

As St Lucia's third-biggest town, Vieux Fort doesn't hold back when it comes to its waterfront. The big name here's Anse des Sables Beach, the area's longest sweep of sand. This palm-backed swathe stretches out for over one-and-a-half kilometres, and is home to a few of the town's sea-view restaurants. Elsewhere, Vieux Fort Bay's a popular stomping ground for windsurfers and kitesurfers.

## About the Area

Saint Lucia is an Eastern Caribbean island nation with a pair of dramatically tapered mountains, the Pitons, on its west coast. Its coast is home to volcanic beaches, reef-diving sites, luxury resorts and fishing villages. Trails in the interior rainforest lead to waterfalls like the 15m-high Toraille, which pours over a cliff into a garden. The capital, Castries, is a popular cruise port.

St Lucia is a blanket of lush forest, emerald-cloaked mountains and palm-fringed beaches crowned by the magnificent Pitons

When you first lay eyes on St Lucia it's easy to see why it's regarded as one of the most beautiful islands

in the Caribbean. The iconic Pitons paint a jaw-dropping backdrop to St Lucia's forested mountains and beautiful bays, inviting you to immerse yourself in the island's natural beauty. Often touted as one of the world's most romantic destinations, St Lucia has long been a favourite with couples and honeymooners.

While it's tempting to simply relax and soak up the incredible views, St Lucia's natural landscapes provide the perfect setting for adventure activities, from hiking through the rainforest and horse riding on the beach to exploring protected coral reefs and soaking in hot mud pools.
