Description of the property:

In fact, this is a good option if you need a house for personal residence and doing business on the ground floor of the house

(cafe, shop, bar, salon, whatever)

The property is perfectly located in the city center.

This is the area of the store, which was used as a cafe, about 178 sq.m., as well as an internal terrace of about 90 sq.m. (not indicated above) it was not counted and was not included in the area of the property

Above the store is an

Apartment with 5 rooms and about 88 sq.m. of living space.

- there is a terrace of about 60 m² (also not included in the area calculation). they

The sum of these two surfaces is indicated above as living space.

Your own business and your own apartment under one roof!

The apartment is suitable for a family of up to 5 people:

1 living room, kitchen, 4 bedrooms!

The shop is suitable for various types of businesses: fruit, bar, restaurant, snacks,

Hairdresser, etc. It used to be accepted as a cafe very well.

This extremely well-kept residential and commercial building is an absolute rarity.

Here you can finally realize the dream of living and working under one roof.

If you have an idea of how to use the shop, you can enjoy the customers coming.

For example, you can use it as a cafe.

It is great to use the counters, etc. and open a cafe.
