The Land: A Canvas of Natural Beauty

The villa is not only defined by its impressive structure but also by the expansive surrounding land, which spans approximately 22,000 square meters. This substantial plot offers a sense of privacy and seclusion, creating a serene environment where you can truly escape the hustle and bustle of everyday life. The land is a canvas of natural beauty, providing a backdrop of stunning panoramic views that stretch as far as the eye can see.

Small Farmhouses: Versatility and Potential

Adding to the allure of the property are the small farmhouses located on the land. These charming structures offer a wealth of possibilities, limited only by your imagination. They could be transformed into:

- * Guest Accommodations: Provide comfortable and private lodging for visiting friends and family, ensuring they feel welcome and pampered.
- * Independent Living Spaces: Create separate living quarters for extended family members, offering a sense of independence while maintaining close proximity.
- * Creative Studios: Designate the spaces as studios for artistic pursuits, such as painting, sculpting, or music, providing a dedicated environment for creative expression.

A Dual Character: Rustic Charm and Modern Elegance

The villa boasts a unique dual character, seamlessly blending rustic charm with modern elegance.

* **The Basement: A Homage to Tradition:** The basement level exudes a rustic ambiance, retaining the traditional charm of the original structure. This space offers a sense of history and authenticity, with the potential to be transformed into a cozy retreat, a traditional-style tavern, or a functional space for storage or utilities.

* **The First Floor: A Testament to Modernity:** In contrast, the first floor has been meticulously renovated and finished to an exceptional standard, showcasing high-quality materials and contemporary design. This level embodies modern elegance, offering a bright, spacious, and sophisticated living environment.

* **Two Modern and Functional Bathrooms:** The two bathrooms in the villa are designed with a focus on both style and practicality. They feature modern fixtures, high-quality finishes, and a layout that maximizes space and functionality.

This complete renovation means that the new owner can enjoy all the benefits of a newly built property without the hassle of construction or the uncertainty of older structures.

An Olive Grove and Potential Income

The surrounding land is not only beautiful but also productive. It features an olive plantation with approximately 120 olive trees. This presents a unique opportunity for those who appreciate the land and wish to engage in agricultural activities. The olive trees can provide:

* **Olives for Personal Use:** Enjoy the satisfaction of harvesting your own olives and producing your own olive oil.

* **Potential Income:** Generate income by selling the olives or olive oil, creating a sustainable and rewarding connection with the land.

Strategic Location: Coastal Proximity and Mountain Views

The villa enjoys a strategic location that offers the best of both worlds:

* **Coastal Proximity:** The property is situated on the Jonica coastline, just 4 km from the beachfront and the town of Ardore Marina. This provides easy access to the beautiful beaches of the Ionian Sea, allowing residents to enjoy swimming, sunbathing, and a variety of water sports.
