Leírás:

Drive down a track through olive groves until you find a little cluster of houses surrounded by nature and olive trees. Not lived in, this middle cottage is like stepping back in time, cement floors, wooden beams and lots of original features and charm. Enter the house into the living room off which is a bedroom, a door to the stairs and a kitchen with fireplace. Off the kitchen is a store room with its own entrance to the front, once the mule's quarter. From the kitchen is a hallway with two rooms and a bathroom off it. Upstairs the original beams are in place on the back pitch, and the lower old straw loft, the front pitch has a metal roof on part and an old tiled roof on the store room. Around twenty olives trees and a piece of land for a pool or patio are at the front and it has fifty odd olive trees with a well at the back. Town water is connected as is electricity. A peaceful country cottage with grape vine over the front door in a beautiful spot. In the same group of houses we also have CJ760 for sale.
