Gently sloping building plot in the exclusive urbanisation of Punta de la Mona in La Herradura. The plot measures 1,187 sqm and is situated in a quiet street. The designed project is ready to apply for a planning permission for the construction of a detached modern villa of 434 m2. The proposed villa features an open plan lounge, dining and kitchen area adjoining the pool terrace, 2 en-suite bedrooms, a toilet, and a turret. The villa boasts several large terraces with beautiful views. Beneath the property there is a spacious 2-car garage and a basement with a bathroom and multi-purpose room. The design has taken into account the inclusion of a lift. This is a unique opportunity to build your own villa in La Herradura, just a 10 minutes' walk from the beach and with fantastic views of the Mediterranean and the mountains of the Cerro Gordo-Maró Natural Park.
