-

Usable area: 166 sqm

The approx. 100 sqm free yard is surrounded by mature vegetation and features a fully equipped terrace with a barbecue area – a private green oasis right in the heart of the city.

From a technical standpoint, the property benefits from gas heating via a central boiler with radiators, PVC windows, full interior and exterior insulation, and a durable volcanic stone tile roof. The careful restoration preserved the unique character of the so-called "Russian-style houses" while upgrading the home to meet contemporary standards of comfort.
