Leírás:

Perfectly remodeled organic holiday farm with photovoltaic panels, 18 bedrooms, swimming pool, vineyard, olive grove and a stunning equestrian facility with state-of-the-art stables and paddocks for sale near Lucca. In the heart of the Tuscan hills, in a prestigious cultural landscape setting, this unique property is home to one of the leading obstacle jumping schools consisting of 30 boxes, two paddocks, a sand ring and verdant riding fields. Along the Strada del Vino, near Pinocchio Park and the Montecarlo Thermal Spa, La Corte is a fabulous country resort rimmed by olive groves and vineyards, an old farmstead transformed into a particularly stylish agritourism, far from city life. Modern and traditional styles have been skilfully blended, furniture and antiques enlivened by bright splashes and a modern touch. La Corte consists of a four-story manor house with red-colored facades, a three-level villa with ochre-colored facades and terraces, elegantly renovated in 2008 with large windows and views of the park and swimming pool, photovoltaic panel system, wood-beamed ceilings, exposed stone walls and terracotta floors. The large halls of the Casa Rossa are also designed for recreational moments and banqueting with direct access to outdoor living areas, a conference room, a professional kitchen and service rooms. A large swimming pool in the park, purified with an innovative salt system, guarantees the purity of the water, dominates a splendid view of the Tuscan vineyards along with a corner designated for a panoramic 6-seat Jacuzzi, covered and heated in the colder months to enjoy nature and the breathtaking view all year round. The small vineyard is organically farmed with Sangiovese and Syrah vines. The horse riding school offers riding lessons, trekking tours, and can board horses in boxes and paddocks. The riding school license is not included. La Corte is a ready-to-move-in property, ideal for starting your hospitality business right away in a place surrounded by nature in the heart of Tuscany with a capacity of more than 50 persons and excellent annual occupancy potential. A plus is the high Energy Efficiency Rating. For
